

PENAL CODE IS ENACTED.

Report of Commission Will Become Law.

Regulation of Interstate Liquor Shipment.

Punishes "Leak" in Government Statistics.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, March 3.—A new penal code was enacted into law today through the adoption by the House of Congress of the report of the commission originally appointed in 1907 and reappointed at the close of the Fifty-ninth Congress.

The second commission consisted of Senators Heyburn, Southern, Piles, Clarke of Arkansas and Millard and Representatives Mason (Pennsylvania), Parsons (New York), Dwyer (Michigan), Sherry (Kentucky) and Houston (Tennessee).

The bill is a comprehensive and coherent revision, and completion of practically all the purely penal laws. For several days there has been a filibuster in the Senate, led by Clarke of Arkansas, against the section relating to the use of troops at places where general or special elections are held. Finally the conferees struck out the provisions relating to the keeping of peace at the polls, because it was recognized that Federal troops are not now used for that purpose. The conferees also dropped all reference to the statute of 1875 which forbids discrimination owing to race or color in the selection of grand or petty jurors, but left the law as it was originally enacted.

The commission found it difficult to make uniform laws that would operate in all States, among these being the prohibitory liquor laws. It was found that this class of cases could only be covered by a general statute. One was included, known as the O'Connell amendment, making it an offense against the Federal government when committed within the limits of the State in or upon any place subject to the exclusive jurisdiction of the Federal government to violate any law of the State or to obstruct the Federal court over cases coming under the admiralty and maritime law. It enlarges the Federal jurisdiction to modern developments as to new methods of committing crime and the extension of the Federal jurisdiction to "fifth" literature, from the mails; it eliminates some of the so-called "kuklux" laws.

Practically the only new legislation in the bill is that which governs government statistical information and the regulation of interstate shipments of intoxicants. In order that any serious error might be corrected, the bill does not become effective until January 1, 1916, enabling Congress when it meets next December to correct any serious mistake or omission.

A joint resolution was adopted continuing the commission directing laws other than the criminal statute in accordance with the instructions to the commission when originally appointed.

VOTE ON STATEHOOD.

Senate Tables Bill Introduced as Amendment to Resolution on Jews in Russia.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, March 3.—Notwithstanding the failure of the Senate Committee on Territories to report the bill granting Statehood to Arizona and New Mexico, the supporters of that measure forced a vote in the Senate today on the proposition. Opportunity came in connection with the House resolution directing the Secretary of State to renew negotiations with Russia looking to a treaty that would prohibit discrimination against American Jews in Russia. Senator Cullom called up the resolution, but before it could be voted upon, Senator O'Connell proposed the Statehood bill as an amendment. Without debate a vote was taken on a motion to lay on the table, and it carried, 47 to 35.

The resolution regarding the course of Russia toward the Jews was then adopted.

HENNEYWAY'S FAREWELL DISCUSS FINANCE.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, March 3.—Senator Henneyway today made a farewell speech to the Senate concerning appropriations made by Congress in the last eight years, showing that the aggregate appropriations were \$74,123,415 less than the estimates. He sought to demonstrate how popular has been the effort of members of Congress to keep down expenditures in the past.

LACKS PERMANENCY.

SECRET SERVICE IN NEED OF NEW LAWS.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, March 3.—Legislation should be enacted by Congress giving a permanent character to the secret service force of the government, according to the report of the select committee of the House to investigate this force, submitted to the House today.

The committee consisted of Representatives Olmstead of Pennsylvania; Currier of New Hampshire; Young of Michigan; Brantley of Georgia and Bowers of Mississippi.

It was appointed to investigate the amount of appropriations devoted to secret service work and the number of employees engaged in the existing force. The report was unanimously adopted.

"We deem it proper," says the report, "to call attention to the fact that the secret service division of the Treasury Department now exists without permanent authority of law, dependent entirely upon appropriations of money, and is paid out of a lump sum appropriation for incidental expenses. Whether the separate force of secret service men existing in the Treasury Department and Department of Justice should be combined in one, under the control of the Attorney General, we do not attempt to decide, but suggest that whether separately maintained, or under one control, they

the face of demands from executive departments and citizens for funds with which to prosecute certain projects, and he spoke also of the criticism made of Congress by persons who objected to large appropriations.

The estimates for eight years aggregate \$7,387,564,278, against appropriations aggregating \$7,012,924,885. The reductions Congress made on the estimates were as follows: \$12,588,370; \$49,801,581; \$18,075,723; \$17,555,517; \$22,392,489; \$1,661,745, and for the fiscal year of 1916, \$30,000,000.

Continuing, Mr. Henneyway said: "Although the estimates were not reduced to the extent many of us wanted, Congress has not added to its popularity with the people by the reductions it did make, for, on the whole, the people have been with the executive in urging that all recommendations of the executive be carried out."

"Where additional taxes are levied which the people will have to pay, they can understand that Congress is not wholly at fault."

LOVING CUP FOR FORAKER.

Negroes of Washington to Give Senator Memento of Fight for Brownsville Troops.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, March 3.—In appreciation of the services of the discharged Brownsville battalion, the negro citizens of Washington will present to Senator Foraker on next Friday a massive solid silver loving cup.

The cup stands nearly two feet high and rests on a massive ebony base. It weighs nearly 100 ounces.

Around the base are three handles and on each handle are the letters "B. C. D." representing the names of the companies of the battalion. Around the base in raised letters are the words "Twenty-fifth U. S. Infantry." In the gold lining of the bowl is inscribed the name of the battalion, made by Senator Foraker in the Senate January 12, 1905, in behalf of the soldiers, in which he said:

"They ask no favors, because they are negroes, only for justice, because they are men."

STORERS TO BE GUESTS.

TAFS INVITE THEM.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, March 3.—(Exclusive Dispatch.) The world hasn't turned over as yet, but by various signs one may see that the change is coming. So there is the Hon. Bellamy Storer, or, to be wholly accurate, there is the Hon. Mrs. Bellamy Storer, who so commingled White House and Vatican, President, Pope and President a few years ago. Since then Mrs. Storer and Mr. Roosevelt haven't admired each other, nor have they been on the same terms. Mrs. Storer has been a cold stranger.

The Storer came to town four days ago. Upon the 7th of March, which the calendar assures one will be Sunday, the Storer is to dine at the White House by invitation of Mr. and Mrs. Taft.

PRESIDENT TAFT'S SALARY.

SEVENTY-FIVE THOUSAND.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, March 3.—The salary of President Taft is to be \$75,000 each year, according to an agreement reached today by the conferees on the legislative, executive and judicial appropriation bill.

The Senate conferees on the legislative bill received from amendments increasing the salary of the Vice President, Speaker of the House and Federal judges.

WASHINGTON BRIEFS.

Griceom Resigns.

WASHINGTON, March 3.—Lloyd C. Griceom, American Ambassador at Rome, has sent his resignation to the State Department. He intends to devote himself to business after reaching the United States. Following the practice in vogue on the change of administration, the resignation of all members of the diplomatic corps will be forthcoming in the next few weeks.

National Forests Increased.

WASHINGTON, March 3.—One of the last acts of President Roosevelt was the signing tonight of proclamations extending the boundaries of thirteen national forests in Nevada, California, New Mexico and Arizona, aggregating 4,880,000 acres of land. The total national forestry acreage up to 1915, 13,000,000 acres.

Cabinet Resigns.

WASHINGTON, March 3.—All of the members of the Cabinet today submitted their resignations to the President, to take effect at noon tomorrow. This is in accordance with the custom at the close of an administration.

Col. Tucker is Retired.

WASHINGTON, March 3.—Secretary Wright today approved the findings of the retiring board in the case of Col. William F. Tucker of the pay department of the army and son-in-law of Mrs. John A. Logan. This places Col. Tucker on the retired list for life on three-quarters pay.

EULOGY AND VILIFICATION.

Senate in Row Over President to Eleventh Hour.

Mr. Bailey Expects Less Executive Involvement.

Beveridge Retorts With a Sharp Thrust.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, March 3.—Consideration of the Bailey resolution directing the return to heads of departments of communications from the Senate made in response to demands of the Senate, which purport to be sent "by direction of the President," was resumed in the Senate today. Mr. Bailey said that he did not expect so much executive involvement from the next administration as there had been in the one expiring. He observed that there would be less if Senator Knox, who is to be Mr. Taft's Secretary of State, could control the matter.

Mr. Rayner supported Mr. Bailey's position and exclaimed: "The fourth of March is rapidly approaching." He added: "After that date we will have a President who will oblige the requirements of the law and will not evade the Constitution—one who knows the limitations of the executive authority."

Senator Cummins offered and Mr. Bailey accepted a substitute declaring the right of the Senate to direct heads of departments to furnish the Senate papers, documents and information in all proper cases, and that such heads of departments be bound to furnish the same without the interference or intervention of any authority whatsoever.

Declaring that the adoption of the Bailey resolution would be construed as a rebuke to the President, Senator Bailey said he hoped to have the Senate use the floor of the Congress as an arena for disparagement of the President.

Mr. Beveridge eulogized President Roosevelt at length. He likened him to a "great man of the past," and declaring that they had been vilified as had Mr. Roosevelt, said that they were not so much as he. He closed with the statement that Mr. Roosevelt had wrought mightily and for the permanent welfare of the people regardless of creed or color.

Mr. Bailey replied in one sentence: "What he said is true. It is true that the world has forgotten the names of the victors of Washington and Jackson, but it has not forgotten the names of some of those who delivered famous eulogies upon them."

Mr. Aldrich said he had no doubt about the rights of the Senate, but he believed it was desirable that a unequivocal declaration be made in regard to them at an early date. However, he regarded matters between the Senate and Executive as so important that they should be decided with deliberation. He assured Mr. Bailey that an early report would be made on the subject.

The Cummings resolution was referred to a select committee on the Judiciary Committee.

CLUB BUYS AEROPLANE.

Aeronautical Society of New York Signs Contract for Machine Built by Curtis.

(ASSOCIATED PRESS NIGHT REPORT.)
NEW YORK, March 3.—A contract was signed yesterday by which an American institution purchases the first airplane acquired in this country and made solely by an American. The price is \$5000.

The Aeronautical Society of New York is a purchase. They have bought from Glenn H. Curtiss, of Hammondsport, N. Y., an airplane constructed along the lines of the first one in which Mr. Curtiss and the Scientific American cup on July 4, by making a flight of one mile.

Mr. Curtiss will demonstrate the flying ability of the machine at Morris Park race track in May.

Mr. Curtiss has made a number of flights in the aeroplane he will teach such members of the society as are designated in the contract.

CIVIL WAR DEBT PAID.

Agred Resident of Illinois Gets \$1000 for Grain Bought for Army.

(BY DIRECT WIRE TO THE TIMES.)
PONTIAC, Ill., March 3.—(Exclusive Dispatch.) After waiting five years, John Baker, an aged resident of this vicinity, who was a grain buyer for the Northern armies during the Civil War, has received a draft from the United States government for \$1000 for a shipment which had been purchased by Baker during the war for the army. The government was commanded by Gov. Yates to go through Central Illinois and purchase grain. He bought and paid for a consignment on one occasion but through some blunder the grain was never shipped but rotted at the station. Baker had given up hope of ever securing pay and the receipt came as a great surprise to him.

BIG STICK FOR PRESIDENT.

American Colony at Chihuahua Sends Beautifully Carved Present With Good Wishes.

(ASSOCIATED PRESS NIGHT REPORT.)
EL PASO, March 3.—An immense big stick, beautifully carved by hand and decorated with Mexican decorations, was cleared through the customs here today. The stick is a gift to President Roosevelt from the American colony of Chihuahua, and carries with it their wish that President Roosevelt will be recalled to office so he may use it.

In a speech addressed to "Theodore Roosevelt, retiring President of the United States," and was forwarded to Washington tonight.

SWINDLERS HELD.

LITTLE ROCK (Ark.) March 3.—The grand jury today returned one indictment in which J. C. Mabray, alias J. C. Gordon; F. M. Clark, alias George Leonard; J. J. Warner, alias Dr. James; J. C. Johnson, alias J. C. Lovejoy; and H. M. Stockwell were indicted for grand larceny and obtaining money by false pretenses in the alleged swindling of J. K. Kile of Cisco, Ill., out of \$10,000 here February 12. Bond was fixed by Judge Lee at \$10,000. All of the men but Mabray will be taken into custody here. Mabray will be taken to Council Bluffs to answer charges there of using the mails for fraudulent purposes.

AFRICAN TRIP FATAL.

President Roosevelt's Guide Says He Probably Will Not Return Alive.

(ASSOCIATED PRESS NIGHT REPORT.)
GLENWOOD SPRINGS (Colo.) March 3.—"If President Roosevelt persists in going to Africa, he probably will not return alive."

This statement was made today by Jake Borah, the guide who piloted President Roosevelt on his Colorado hunting trip, and who was invited to go to Africa with him.

Borah says that President Roosevelt has malaria in his system, and that he will not be twenty-four hours in Africa before being stricken with the fever. Borah made known today the fact that the President was ill of malaria four days while in Colorado.

PROHIBIT STREET MEETINGS.

Spokane Makes Rule Because of Riotous Parades and Attack on Employment Agencies.

(ASSOCIATED PRESS NIGHT REPORT.)
SPOKANE, March 3.—"After tonight street meetings of every kind will be strictly prohibited at all points inside the city limits," announced R. E. N. Rice, Chief of Police, today. This order bars even the Salvation Army and the Industrial Workers of the World, who have been the cause of riotous parades and attacks upon employment offices which have resulted from meetings conducted by the Industrial Workers of the World, who are waging a campaign to drive all employment agencies out of business, claiming the agencies are defrauding workmen.

BURNING BOMB AT PALACE.

Police Arrest Several Persons Believed Implicated in Plot Against Spanish King.

(ASSOCIATED PRESS NIGHT REPORT.)
MADRID, March 3.—The correspondence states that a bomb with a burning fuse was found today against the wall of the royal palace, and that the police arrested several persons believed to be connected with the outrage. The Minister of the Interior denied tonight that the object was a bomb, but said that a petard enveloped this paper was found fully 500 yards from the palace.

OBITUARY.

C. M. Keniston.

STOCKTON, March 3.—C. M. Keniston, prominent Republican, Mason, Odd Fellow, Elk, superintendent of rural cemetery, Washington, Jackson State Hospital board of managers, and former county school superintendent, died at his home early this morning of heart disease, at the age of 53 years. A wife and a daughter survive him. The deceased taught school in this county years ago and also practiced law, being a law partner of Frank H. Smith, the present judge of the Superior Court.

WALK OUT OF Y.M.C.A.

PORTLAND, March 3.—(Exclusive Dispatch.) Incensed because they were not allowed to smoke in their rooms at the Y.M.C.A., twelve young men occupied the place yesterday and rented a house for the night. They will occupy the house in future. Some of those who moved do not smoke, but acted out of sympathy with others. Smoking has been before been permissible in the building.

TO BUILD AIRSHIPS.

NEW YORK, March 3.—Announcement was made tonight of the formation of a new company to build airships. The company is a company to manufacture airships.

GREAT FAITH.

BUSINESS MAN IS VERY EMPHATIC.

MAKES REMARKABLE STATEMENT ABOUT STOMACH.

C. H. Lurvey Says He Put in Ten Years of Misery Before Conversion to Cooper Theory—Now Claims Absolute Relief in Visitor's Preparation.

Charles H. Lurvey, stopping at the St. Regis hotel, came out with a very strong statement concerning L. T. Cooper, the young man whose medicine and theories have aroused such widespread comment throughout the East.

Mr. Lurvey has taken the side of those who say that Cooper's theory is correct and his medicine all he claims. His emphatic statement is as follows: "I am a retired business man of Portland, Me., spending the winter in Los Angeles. There is no question in my mind about Cooper's theory. He proved it conclusively in the East, and I fully agree with him when he says the stomachs of American people are becoming weak."

"I am affected with chronic indigestion and a general rundown condition, caused by stomach trouble, which this man leaves Los Angeles with out trying his medicine, is very foolish. I say this after having a most remarkable experience with his medicine."

"I had heard of Cooper's success in Boston and was persuaded to try his medicine. I had no faith in anything not prescribed by a physician after a careful diagnosis, but after ten years of suffering, during which time I spent a small fortune with absolutely no relief, I felt it would do no harm to at least try this medicine."

"During these ten years I have had stomach trouble to such an extent that I could not eat solid food for weeks at a time. I always had a sour stomach, was troubled with indigestion, gas, and led the usual miserable life of the dyspeptic. I was dull, tired, nervous and gloomy. I had no steady gainful occupation. I took this man's medicine and have not had the slightest signs of stomach trouble from that day to this. I can eat anything with no bad effects whatever. I have a good appetite and have steady gainful work. I am cheerful, full of energy, and my nervousness has disappeared. My health is in good condition, for the first time in eight years."

"I don't hesitate to say I would not take \$50,000 and be back where I am now. If I shall be in Los Angeles for several weeks longer, and will be glad to tell any one the facts in my case. I feel relief and thankfulness are beyond description."

When seen Tuesday afternoon Cooper and Lurvey went to the Ovi Company's store, No. 626 South Broadway, during the rest of my stay here. Lurvey will be at the store from 10 a.m. to 6 p.m. each day, except Saturday, when the hours will be from 11 a.m. to 5 p.m. I can see no one after 6 o'clock on week days."—[Adv.]

DEFIES TAX COLLECTOR.

Chicago Woman, Throws Down Gauntlet for Sex.

"Taxation Without Representation," She Quotes.

Asks Aid in Fight Against "Domineering Man."

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, March 3.—(Exclusive Dispatch.) Viola B. Squires of No. 1872 Kenmore avenue defied the city collector for personal taxes and will go to jail, if necessary, in the cause of woman's suffrage.

As champion of the voteless sex, she wrote a letter to the County Attorney almost daring him to proceed in his collection, using as her argument the immortal phrase of the Revolutionary War, "taxation without representation is tyranny."

"I am sick of the notoriety which my action caused," she said today, "but nevertheless I am going to stand my ground regardless of whatever action the County Attorney may see fit to take."

"It is not for myself alone that I wrote the letter, but for others of my sex."

"Unless women are permitted to have an equal say in the fixing of taxes, they should not be compelled to pay them. The cause of the movement, now let my colleagues join hands with me in what will eventually be their deliverance from the domineering man."

Miss Squires is not a member of any suffrage organization, although she admitted that she might join one in the near future.

TOUR OF SUFFRAGETTES.

LADY COOK PLANS TRIP.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, March 3.—(Exclusive Dispatch.) Despite the handicap of advancing age, Lady Tennessee Claflin Cook, the British suffrage leader, is actively planning her transatlantic trip in advocacy of "votes for women" in America.

If her plans are carried out, sixteen of the leading advocates of women's suffrage in America will leave this city with her about April 1 in a special train. They will tour the entire country, stopping at every capital and stirring up enthusiasm for their cause.

Lady Cook is confident the suffragettes of the United States are on the verge of a sweeping victory, and believes the special train plan will be the final wedge that will open the ballot boxes to women everywhere. She plans to meet all of the expenses of the trip herself.

RELEASSED FROM JAIL.

MRS. DESPARD WILL.

(ASSOCIATED PRESS NIGHT REPORT.)
LONDON, March 3.—The Home Secretary has ordered the release of Mrs. Despard on medical grounds. Mrs. Despard is leader of the women's suffragettes who recently, with a number of others, was committed to jail for too great activity in the cause.

BALLS AND STRIKES.
BALL TEAMS IN
BUSY STUNTS.White Sox to Skip Away to
San Diego Today.Hogan Works His Players
Hard at Vernon.Dillon Confident With His
Heaven in Shape.

The Chicago White Sox ball team, or that part of it now in this city, might not win any American League pennant, but it should certainly run any crack team a close race, if one may judge from the work-outs of the Yankigans shown at Chutes Park for there is real class there. If the first team of the "regulars" can play as well as the Yankigans, the fans should see some cracking good games here this month.

"Ach Louie" Comiskey had his recruits out twice yesterday in the effort to get the kinks out of their arms and legs, and some of the boys succeeded fairly well, notably Third Baseman Purcell. None of them are straining many muscles, for they are leg weary and stiff, and a number complained of sore arms after the practice yesterday. The work was confined to batting the ball about, throwing to bases, and little Marathon races around the field to develop wind and take off surplus weight. The day was a delightfully pleasant one, and all of the boys worked hard enough to break out in profuse perspiration.

The Yankigans will leave for San Diego this morning, and they will with the club in that town this afternoon, and the line-up will be about as follows: Beal, first base; Bader, second base; Purcell, third base; Zelder, shortstop; Waidy, left field; Matticks, center field; Dalton, right field; Shaw, left field; and the senior team pitchers will be taken on the trip.

This was the way the boys lined up yesterday, for practice, and their actions proved them to be ball players. The best work was shown by Purcell at third base, and his batting and throwing were beautifully executed. He entered into the game with all the willingness of a Chase and played like a class player with the best of time. This is a bird that will be heard from later on, for he has all the earmarks of a live wire, and it is small wonder that President Henry Berry would like to have had him last summer.

FIRST SACKER.

Beal, on first base, acts like another live one, and he resembles both Danzig and Ed Kennedy in his style. He is a big, aggressive fellow, and apparently sure of what he does. In addition to confidence, he has a strong arm that seems to be ready for business right now. If the senior team around Chicago have any more like him, they should be raised to a franchise.

Bader, on second base, is all to the good, and he shows symptoms of finding in proportion to his batting average last year, which was .320 for the Des Moines team of the Western League. Zelder is in good at shortstop, but only looking for the ball about yesterday in order to keep the soreness out of his arm. The outfielders had little to do but to keep long fly balls that were knocked into their hands.

Nick Altrock, pitcher, worked much of his time in the afternoon in right field, and was the old Nick of old. The pitchers took their turns in tossing the ball up to the difference between the hitting to the infield, but there was little or no attempt to manufacture curves. The boys will be in San Diego today, and will be busy playing exhibition games almost every day from now except next Monday and Tuesday. They are to play Friday, Saturday and Sunday, there being two games on the latter day.

HOGAN'S MEN AT VERNON.

The new Vernon ball grounds is beginning to look like a real article and there has been a sufficient number of ball players practicing there this week to form two good teams. Happy Hogan is all smiles tonight over the prospects of his team and his park, and contrary to the expectations of some of the fans he has some sweet-looking ball players gathered about him. There were about twenty men working at the park Tuesday and yesterday, and the majority of these made a good showing.

Roy Hitt was one of the good ones who seemed to be ways in shape, and he was active enough yesterday. He had all kinds of curves and fielded and threw the ball about as if he were playing in the middle of the season. Hogan expects to sign Hitt, for the young fellow says he will play back cast on account of the beauty of the place.

It is more than likely that some arrangement can be made for Hitt, and he should prove a valuable man for the Vernon team.

Little real work of value was attempted yesterday for the boys are taking things by easy stages. A few of the pitchers did a little heaving on the side and several pitched to the different batmen, but there was no regular workout. Jess Stovall showed to good advantage and did much of the heaving of the afternoon. Fred Annis of the Hooges team, who made such a good showing in the Elks game last Sunday, worked on the side for half an hour, working Hogan's signals. Those at work were:

Annis, Hitt, Stovall, Coy, Newlin, Shaffer, Jennings and Harkins, pitchers; Kinkel, Hogan, Colbath and Jones, catchers; Brashear, first base; Hitt, second base; Mott, third base; Graham, infielder; Bill Goodman and Sturgeon, outfielders. Kinkel arrived yesterday and acts like a class player, although he did not attempt to catch much. Fred Eagan, shortstop, is overdue, and is expected to reach here today, having left San Francisco last night.

Sturgeon, the right fielder, is from the Fargo team of the Northern League, where he played shortstop last season. This was his first regular position for he averaged almost one error per game for the thirty-seven games he played, and yet hit .292. Fletcher Hanning, who is to be tried out, has been twirling for the San Bernardino team and won fifteen of sixteen games. He also pitched last Sunday for the Mair team and won from San Pedro in fourteen innings by a score of 2 to 1. Jones is a young catcher from the San Diego country who has been recommended by Hopp. Newlin is from the Albany team of the New York State League.

The fans have not thought so much

TEAPOT TEMPEST STILLED.
RAITT STAYS
AS PRESIDENT.Members of Commission Keep
Officer in Power.Sam Lafferty Again Before
the Tribunal.Several Schools and Clubs to
Join the A.A.U.

Charles W. Raitt has reconsidered his decision to retire from the presidency of the local commission of the Amateur Athletic Union, and he is to remain in the office indefinitely.

At the meeting of the commission held at the Los Angeles Y.M.C.A. last night, the members insisted that Raitt continue to hold the office and as the matter was a matter of the commission, the president will have little routine business to attend to, Raitt said he would stay in the office until a better man could be found, and he is to remain in the office until a better man could be found, and he is to remain in the office until a better man could be found.

The case of Sam Lafferty, the Politechnic High School baseball player, was again brought before the commission, Father Martin of St. Vincent's suggesting that the reinstatement of Lafferty as an amateur be considered. "Red" Perkins volunteered the information that to his knowledge Lafferty and his brother had been straight and narrow since he was last "let down" by the commission, and that he believed Lafferty was willing to remain an amateur in the full sense of the word. The matter was referred to the Registration Committee, which is to meet next week to consider this and other cases.

BECOMES GOOD BOY.

H. M. Witt, a young ball player from the Orange High School, appeared before the commission for reinstatement. He was suspended for several months ago for playing with professionals last summer. Upon promising to remain an amateur, he was reinstated. However, his High School career, Witt was again placed in good amateur standing.

Dr. Sumner of Pomona College, as a member of the Membership Committee, reported that Pomona College had joined the A.A.U., sending its application direct to San Francisco. Dr. Sumner also said that several High Schools and athletic organizations in and about Pomona had consented to join the A.A.U. in the near future.

L. M. Barker of Orange was instructed to investigate the baseball situation in Santa Ana and Orange, and report at the next meeting. An effort is to be made to have the semi-professional baseball men of Orange and Santa Ana join the A.A.U. ranks and play amateur ball. Under the present conditions the High School boys have to stay out of the game all summer or play with professionals, and as they cannot consistently do both, it is thought that a situation of amateur teams for near-professional players would remedy the situation.

The following named members of the commission were present at the meeting: Charles B. Raitt, Dr. Sumner, Father Martin, L. W. Wyckoff, Politechnic High School; Dr. Beach, Los Angeles Amateur Athletic Union; J. R. Franklin, L.A.A.C.; Kinter Hamilton, Harvard School; Les Henry, L. M. Parker, Orange.

BUSY AGAIN.

GAMBLERS AT THE OLD GAME.

DEATH OF BALDWIN STOPS THEM BUT ONE DAY.

Card at Arcadia Track Is Fair One and Some of the Nags Picked by Bookmakers Win Races—Usual Surprise Comes in Victory of Beas.

The death of Lucky Baldwin, made no difference to the race-track gamblers yesterday, for they went right back to the game with all their old enthusiasm, even though there is a hoodoo on the Arcadia track since the little jockey was killed Monday in the stretch scramble of the beasts in the effort to win that a certain nag did not win.

The programme was changed yesterday with the probable intention of leading the suspicious monotony of a daily trimming of the stakes, and for a wonder the majority of the nags the bookmakers picked out for the books to gamble on actually won. There was the customary "flourish" reversal, and came this time in the third race, which was won by Tom McGrath, overlooked by the books in the gambling. The bookies were a bit off, but there was nothing sensational in it or nothing of that character cropped out, at least.

Seven furlongs: Capt. Kennedy, 127 (Walsh); won; Biskra, 125 (Cullen); second; Third Rail, 119 (Powers); third; time, 1:28. Chaplet, Paumotu, Dredger and Tammy Hall also ran. Two furlongs: Merrill, Viriando, Brancu, Liberto, Distie Lad, Vranho, Senator Barrett and Auscassin scratched.

Three and one-half furlongs: Flying Squirrel, 112 (Schilling); won; Surefoot, 105 (Kennedy); second; C. H. Patton, 100 (Henny); third; time, 1:40. Mike Mott, J. M. Stokes, Medallion and Play Boy also ran.

Four furlongs: W. M. Overton, 113 (Walsh); second; La Gloria, 106 (Kennedy); third; time, 1:52. Rosca, C. W. Burt, Margaret Randolph and Sir Edward also ran. Whip Top, Pal and Free Knight the Bear scratched.

One mile: Margaret Randolph and Sir Edward also ran. Whip Top, Pal and Free Knight the Bear scratched.

Two miles: Stringency, 110 (Schilling); won; Gude, 110 (Powers); second; Free Knight, 105 (Henny); third; time, 3:40. French Cook, Azo, Allen Lee, Solus, Namerito, Parig and Uncle Jim also ran.

Five and one-half furlongs: Colloquy, 106 (Powers); won; Achieve, 95 (Burns); second; Uncle Walter, 97 (Mc-

TEAPOT TEMPEST STILLED.
RAITT STAYS
AS PRESIDENT.Members of Commission Keep
Officer in Power.Sam Lafferty Again Before
the Tribunal.Several Schools and Clubs to
Join the A.A.U.

Charles W. Raitt has reconsidered his decision to retire from the presidency of the local commission of the Amateur Athletic Union, and he is to remain in the office indefinitely.

At the meeting of the commission held at the Los Angeles Y.M.C.A. last night, the members insisted that Raitt continue to hold the office and as the matter was a matter of the commission, the president will have little routine business to attend to, Raitt said he would stay in the office until a better man could be found, and he is to remain in the office until a better man could be found.

The case of Sam Lafferty, the Politechnic High School baseball player, was again brought before the commission, Father Martin of St. Vincent's suggesting that the reinstatement of Lafferty as an amateur be considered. "Red" Perkins volunteered the information that to his knowledge Lafferty and his brother had been straight and narrow since he was last "let down" by the commission, and that he believed Lafferty was willing to remain an amateur in the full sense of the word. The matter was referred to the Registration Committee, which is to meet next week to consider this and other cases.

BECOMES GOOD BOY.

H. M. Witt, a young ball player from the Orange High School, appeared before the commission for reinstatement. He was suspended for several months ago for playing with professionals last summer. Upon promising to remain an amateur, he was reinstated. However, his High School career, Witt was again placed in good amateur standing.

Dr. Sumner of Pomona College, as a member of the Membership Committee, reported that Pomona College had joined the A.A.U., sending its application direct to San Francisco. Dr. Sumner also said that several High Schools and athletic organizations in and about Pomona had consented to join the A.A.U. in the near future.

L. M. Barker of Orange was instructed to investigate the baseball situation in Santa Ana and Orange, and report at the next meeting. An effort is to be made to have the semi-professional baseball men of Orange and Santa Ana join the A.A.U. ranks and play amateur ball. Under the present conditions the High School boys have to stay out of the game all summer or play with professionals, and as they cannot consistently do both, it is thought that a situation of amateur teams for near-professional players would remedy the situation.

The following named members of the commission were present at the meeting: Charles B. Raitt, Dr. Sumner, Father Martin, L. W. Wyckoff, Politechnic High School; Dr. Beach, Los Angeles Amateur Athletic Union; J. R. Franklin, L.A.A.C.; Kinter Hamilton, Harvard School; Les Henry, L. M. Parker, Orange.

BUSY AGAIN.

SWIMMING CONTESTS
FOR COAST HONORS.THE 1908 Pacific Coast swimming
championships are to be held at
Naples, July 4. Los Henry, presi-
dent of the Southern California Swim-
ming Association, which was author-
ized to hold the tournament this year,
has arranged the date and place yesterday,
and the association intends to make
the affair one of the greatest aquatic
events ever held in the South.

Henry has been in communication with C. M. Daniels of New York, who holds the world's records in several swimming events, and it is possible that the team from New York will be invited to hold the tournament. The contest was the outcome of arguments and challenges hurled at each other since the Marathon race of Washington's Birthday, when at first were put in a joking way but later the boys were in dead earnest. A large number of friends and fellow-workers witnessed the race. Kelly expects to train for the next amateur Marathon.

BROWN GETS SPIKED.
Hot Marathon Match Race in Which Untrained Amateurs Make Remarkable Time.
C. V. Kelly, otherwise known as "Spiky," defeated La Verne Brown by six inches in a ten-mile Marathon match race at Agricultural Park, yesterday afternoon, the time being 1h. 5m. 55s. The boys are employed in the stereotyping department of The Times and have never practiced long distance running, entering the race without training of any sort.

Kelly took the lead at the beginning and set the pace throughout. Brown was game, giving his opponent no time to loaf and was not more than twenty feet behind at any time in the race. Kelly finished strong and could probably have run several miles farther, but Brown felt exhausted. The contest was the outcome of arguments and challenges hurled at each other since the Marathon race of Washington's Birthday, when at first were put in a joking way but later the boys were in dead earnest. A large number of friends and fellow-workers witnessed the race. Kelly expects to train for the next amateur Marathon.

AT NAPLES.

Christie of the University of California that some of his men undoubtedly would participate in the championships. All the crack swimmers of the South will contest for honors and Henry believes the number of entries will be larger than ever before in any local swimming tournament.

Jack Wallington, Abner Holboro, Ben Wallington, Kyle of San Diego, and other local men well known in swimming circles will represent Southern California, and from the showing made by Holboro in the last Coast championships, the local men have an excellent chance to carry off first honors in many of the events.

In addition to the regular A.A.U. events, which include the 50, 100, 220, 440 and 880-yard races, there will be events for women, and also under-water swimming races.

In the under-water swimming, the Southern California record, 134 feet, is held by Kenneth Kellogg of Occidental College, who is the holder of the record. Henry proposes to hold several indoor swimming tournaments before the season to "stimulate interest in the championships."

DAYS' BOWLING SCORE.
Pittsburgh Contestants Find Alleys Too Fast to Make the Best of Records.
[ASSOCIATED PRESS NIGHT REPORT.]
PITTSBURGH, March 2.—At the close of the day's bowling, the five highest scores were made as follows:
TWO-MEN EVENTS.
McQuinn-Heng, Braddock, Pa., 1177; Daly-McCormick, Toledo, 1161; P. Schindheutt-Frankenburg, McKees Rock, 1159; Rouse-Cook, Toledo, 1096; Root-Zimmerman, Toledo, 1091.
INDIVIDUAL EVENTS.
Locks, Braddock, Pa., 607; Martin, Pittsburgh, 593; McCormick, Toledo, 589; Laidie, Toledo, 585; Nieman, Pittsburgh, 575.
The five men team of Toledo scored 387 points.
Up to the present time the scores made are considerably below any of the established records. In explanation, Secretary Langley is of the opinion that the alleys are too fast for the bowlers. Apparently the local men are unable to fast work. However, the western teams are expected to change the condition on their arrival.

GAME FOR FRIDAY.
The Trojans of Los Angeles and the Thistles of Whittier are to play a game of basketball Friday evening at Whittier in the Amateur League of Southern California. The contest is to begin at 8:15 o'clock, and is expected to be hard fought from start to finish.

STANLEY FAY WINS.
THE CASSATT HANDICAP.
[ASSOCIATED PRESS NIGHT REPORT.]
OAKLAND, March 2.—Stanley Fay, making his first appearance since arriving from Arcadia, won the Cassatt Handicap at Emeryville today. Rose Queen set the pace but Stanley Fay passed her without trouble in the last sixteenth. Madman was third. Coach kept the High School boys from becoming outwitted from High School competition.

The following named members of the commission were present at the meeting: Charles B. Raitt, Dr. Sumner, Father Martin, L. W. Wyckoff, Politechnic High School; Dr. Beach, Los Angeles Amateur Athletic Union; J. R. Franklin, L.A.A.C.; Kinter Hamilton, Harvard School; Les Henry, L. M. Parker, Orange.

RICH BRIDE DESERTED, FLEES FROM FRIENDS.

Mother Vainly Seeks North Carolina Society Belle, Victim of Notorious Bigamist—Leaving Los Angeles for Her Eastern Home.

MRS. JOHN N. HOOD, mother of the long-missing Asheville, N. C., society girl, Miss Josephine Hood, whose disappearance after her marriage to John C. Cavendish, the notorious bigamist, stirred official circles of the United States and Mexico,

will leave Los Angeles for her eastern home this morning. The mother's four-year search for her daughter has been baffled by the pride of the young woman.

Robbed and abandoned by the man she had married as Lord Percy Reginald Sholto-Douglas, Miss Hood refused to go back to her home, and as soon as she was located in the little village of Tucuman, Mexico, through the efforts of Secretary of State Root, she packed the few belongings left her by Cavendish and effectually disappeared again.

In the meantime her mother had been notified of her daughter's discovery in Mexico. The older woman started at once for the place, but arrived too late. Traces of the girl's whereabouts led the mother into Southern California, and she tried to find Miss Hood in this city. Hopeless, she abandoned the search for the time yesterday, and is going home.

BOGUS NOBLEMAN ENCOURAGED
When Miss Hood met the bogus Lord Percy he was wanted in several States on the charge of bigamy, but her parents and friends never had heard of his escapades throughout the country and accepted his statement that he was the third son of the Marquis of Queensberry, famous as the author of prize-ring rules, at its face value. His attentions to the young girl were encouraged by her friends, and their marriage soon followed.

Both John C. Cavendish and the man whose name he took, Lord Douglas, are well known in Los Angeles. Cavendish has left woman victims all over the country, and California has not escaped. The real Lord Douglas has also gained notoriety in this section.

It is, in fact, one of the strangest features of the whole story of Cavendish that none of his many victims seems to have heard of the real Lord Percy, who has been the subject of many newspaper stories and sketches.

REAL LORD'S ANTICS.
Years ago the real holder of the title was a prominent figure in and about Los Angeles. In a cheap local

theater he met a woman who was doing song and dance acts, became infatuated with her, and attracted wide attention by his love-making. Despite the indignant protests of his English friends here, he followed her to Bakersfield, where she had gone to fill an engagement at a resort of ques-

tionable reputation. The large British colony near Bakersfield was scandalized by the conduct of the two at the time, and after one of Lord Percy's worst freaks, had him arrested in the Southwest. She became the supposed bride of John C. Cavendish, notorious abductor wanted in ten States, who posed as Lord Douglas. He robbed and deserted her.

When the matter was brought to the attention of the British consul in Los Angeles, the consul, who was the first of a series of similar prosecutions instituted against a dozen physicians of the city, broke up the matter. The present organization includes members whose fathers and grandfathers be- longed to the same profession. Many of the government officials have visited the historic place and the occasional re- ceptions are attended by the members of the Cabinet and Senators who are members of the Masonic order.

THEY TURN US DOWN.

Police Chiefs Decline to Come to City With Recall Bug for Annual Convention.

The annual meeting of the International Association of Chiefs of Police will not be held in Los Angeles, as planned by the convention at Detroit last summer.

Chief of Police Thomas Broadhead and Frank Higgins, secretary of the Chamber of Commerce, yesterday re- ceived notice from the Executive Com- mittee of the association that arrange- ments have been changed, and the convention will be held at Buffalo.

The reason assigned for this change is the "recall" movement. The eastern officers learned of this, and because of the ridiculous position in which the campaign places the city, they decided to go elsewhere.

Preparations had already been begun for the entertainment of the chiefs of this country, Canada and Mexico, but these will now be aban- doned.

SAUCER WHIRL SPILLS RACER.

NOTED MOTORCYCLE RIDER IS SERIOUSLY HURT.

Tried New Machine and While Going Mile a Minute Is Thrown and Sustains Broken Leg and Other In- juries—May Never Be Able to Ride Again.

Loosing control of his motorcycle while whirling around the new saucer track at Sixty-third and Main streets yesterday afternoon at a mile-a-min- ute clip, George Kraemer, a noted rider, who came here to participate in the professional races next week, fell and sustained injuries which may prevent him ever again mounting a racing machine, and leave him a cripple for life.

Both bones of the left leg were broken just below the knee, the knee cap was displaced and the tendon leaders about the knee were so badly torn that his leg will prob- ably remain stiff. After treatment at the Receiving Hospital the injured man was removed to the California Hospital.

Before being placed under an anes- thetic on the operating table at the Receiving Hospital, Kraemer ex- plained that he was trying out a new machine and was not familiar with the mechanism. Before he realized the speed at which he was traveling he was whirling around the saucer at a terrific clip. When he attempted to slow down he was unable to find the right levers. Every second the ma- chine was gathering speed. In de- speration Kraemer leaned from his saddle to find with his eyes the levers he could not find with his hand. The move was disastrous, for Kraemer lost his balance, the machine swerved and he was sent tumbling down the incline of the saucer. The machine bounced again and again along the boards until it landed in a heap at the bottom of the track near where Kraemer was lying.

Several other motorcyclists witnessed the accident and notified the Uni- versity Police Station, and the am- bulance carried Kraemer to the Re- ceiving Hospital.

Kraemer came here several weeks ago purposely to compete against the crack riders of the world, who will enter in next week's motorcycle races. His own machine—a French model of twenty horse power—had not arrived from the East, and for practice on the track he has been utilizing machines from local distributors. Yesterday he was given a new N. S. U. for a try- out.

Kraemer is one of the newest and most promising of the professional ranks, and was confident he would have been in the front rank of the winners at the coming meet. It will be months before he will be able to ride, if he will ever be able to mount a machine again. Kraemer has been residing at No. 514 South Figueroa street.

He has been a professional rider for several years, during which he has met the best riders of America and Europe. Only recently he returned from a campaign in England and France.

JURY DISAGREE.

Fail to Find a Verdict in First of Series of Prosecutions Against Physicians.

After being out six hours, a Federal jury in the case of Dr. Frederick High reported a disagreement last night. United States Dist. Atty. Law- ler stated that the case will be re- tried. The defendant was charged with aiding and abetting through the mails containing an offer to perform a crim- inal operation.

The evidence was secured by means of a letter sent to the doctor by Frank Stewart, then a postal in- spector. The defendant denied the al- leged intent, and introduced a number of physicians, who testified as to his good character and standing as a physician.

NOBLE YOUTH WINS BEAUTY.

Arthur Curson Elopes With Dashing Widow.

Come to Los Angeles on Honeymoon Trip.

Brother Arrives Too Late to Stop Wedding.

Arthur F. Curson, cousin of the late Viceroy of India, after a spectacular career in San Francisco as a spend- idor, eloped with and married at San Jose, Mrs. Evelyn Pittman, a beautiful young widow, on Tuesday. Accompanied by Sydney Curson, an elder brother, sent to San Francisco to prevent the wed- ding, they came to Los Angeles yester- day on a honeymoon trip.

HIS ACT SQUELCHED JESSE JAMES GANG.

Ex-Gov. Crittenden of Missouri, who has come to Los Angeles to drop politics for a month.

THOMAS T. CRITTENDEN, former Governor of Missouri, and one-time United States Minister to Mexico, arrived at the Alexandria yesterday, and will remain a month. Mrs. Crittenden accompanies him.

Ex-Gov. Crittenden was the Chief Executive of Missouri between 1881 and 1885, and was the principal factor in the time being. Missouri is in a peculiar position politically. It has a Republican Governor with a full board of Democratic advisers. It has just passed through several years with a Democratic Governor with Re- publican advisers. Yet the State was never more prosperous.

"I did not set a price on the head of Jesse James, as has so often been stated, but offered \$50,000 reward for the breaking up of the gang and the capture of James alive. The Ford brothers located him, and had a terrific struggle with James. They afterward told me that he was so strong and ferocious that he was in a

Mrs. Pittman has created great havoc with masculine hearts since she arrived in California from the East, some years before the San Francisco fire, accom- panied by a young daughter. She was mentioned in connection with the mys- terious death of Capt. Frederick S. Will, who was found shot through the head in his quarters at Ang- island, June 8, 1904.

Arthur Curson arrived in San Fran- cisco about two months ago. His lavish expenditures for wine and automobiles drew immediate attention to him at the cafes and beach resorts. He was wont to cash drafts for \$1000 every other day.

Curson met Mrs. Pittman on one of his excursions to the beach. When he was ill she nursed him, and during his convalescence the courtship progressed rapidly. Friends of the family wired to his relatives of his infatuation for the widow, and of his intention to marry her.

Sydney Curson was dispatched to San Francisco post haste. Hearing of his coming, the young man and widow determined to get married. In an auto- mobile they left San Francisco on the day Sydney Curson arrived.

After searching some time for his brother, Sydney finally located him at a hotel in Oakland, through one of the \$1000 drafts. He evidently decided to make the best of things, for he started with the couple for this city and they are making their headquarters at the Angelus.

Several other motorcyclists witnessed the accident and notified the Uni- versity Police Station, and the am- bulance carried Kraemer to the Re- ceiving Hospital.

Kraemer came here several weeks ago purposely to compete against the crack riders of the world, who will enter in next week's motorcycle races. His own machine—a French model of twenty horse power—had not arrived from the East, and for practice on the track he has been utilizing machines from local distributors. Yesterday he was given a new N. S. U. for a try- out.

"REFORM" ARMY I

for one of the new departments of the

For one of the new departments of the Superior Court. It is claimed the present quarters of the District Attorney are not equal to the fast-increasing volume of business. Judge Hervey will begin work in the new quarters, temporarily fitted up in the old grand jury room, on Monday morning, and at once plunge into the calendar. He will also have assigned him the criminal complaint against George N. Tichenor, of the city, charged with the James C. Applegate \$2486.54, belonging to the Agricultural Building and Loan Association.

Judge Hervey will not begin operations in his court, to be located in the new building, until the fall of 1907, when a large calendar will be furnished for his special benefit. It is expected that with three additional courtrooms working in the new building, Judge Hervey will have been possible under the former order of things. As it is, the new quarters will be required to occupy all of the Superior judges.

Inauguration Month

March 4th, 1909—Our Third Year

We again reiterate the fundamental principles of this business, which were pithily outlined in our first business announcement two years ago this day—the rightness of which has been proven by two years of continued progress and prosperity.

Watch the Windows and Tables and Counters all through the store. Most of the Best Inauguration News, of necessity, "not advertised."

Inauguration of New Silks and Dress Goods

An event that will appeal to every woman Thursday. Such a variety of pretty new shades and patterns. Such a wealth of new weights and weaves. Many of them exclusive. Just one pattern of a kind. (Table after table of spring's most wanted fabrics. Yards and yards that won't be shown till Thursday. See the new "Viz-ion-aire," \$1.50 yd. It is the cleverest hit of the year.

Take the Creation Silk for example, at 85c yard. Black Tulle—A wonderful 36-inch, \$1.00 quality. Black Crystals, Peau de Soles and hundreds of other silks. And Dress Goods in ever so many weaves. A display of leadership.

Bullock's
Inauguration at Seventh

Free Concert
12 to 1:30 P. M.

by La Momen's Italian Band. special Inauguration program has been prepared. And an Inauguration menu has been prepared to make lunching at Bullock's especially attractive for today—35c.

Free Hemming of
Baby Clothes

Mothers know what work hemming means. Great power machines are here to take the worry off your hands this Inauguration Thursday. Experienced seamstresses to carefully fill your phone orders. Large stocks of very best flannels, hirsceyes and other cloths to choose from. Among them—Heavy Bleached Canton at 10c. Heavy Outing Flannel at 8c. Fine White Wagon Flannel 25 yd.

Bargain Basement

This is the first Inauguration that the Bargain Basement has participated in, and yet so steady and strong has been its growth that it will play one of the most important parts in this great 1909 celebration. Every day will see bargains out by the hundreds—savings that no woman can afford to miss. Only a few told of here. Tables and counters will be piled high with scores of others. Shop in the Bargain Basement every day.

Taffeta Silk 59c
Every wanted color except black; 19 inches wide; 75c and 85c values.

Jap. Silk at 30c
Full yard wide; all good colors except black.

Silk Velvets 58c
Splendid shades in plain striped and corded effects.

Albatross at 45c
—and wool batiste; both in wanted patterns and colorings.

Cambrics at 4c
Lining cambrics in all colors; the lowest price we've seen quoted.

Waistings at 49c
Wool waistings in neat, natty patterns; good \$1.25 values.

Embroideries at 3c
Edges and insertions in the daintiest patterns imaginable.

Wash Lace at 5c
Hundreds of patterns in edges and insertions; some 2-inch widths.

Dress Nets at 69c
Full 42-inch width and all over lace 18 inches wide; some worth \$1.25.

50c Veilings at 19c
Fancy mesh veilings in both plain and dotted effects.

Ruchings 5c Each
Fine, fluffy ruches at a price unheard of before. All colors.

Inauguration Day in the Art Department

New Ideas, New Stitches, New Fancies. There never was such a bewildering collection of new thoughts for fancy work.

Shirtwaists to be worked with the new tubular braid. Centerpieces in new Craftsman designs, to be worked with Grayona or Glossilla rope silk. Damask Centerpieces in the exquisite petal braid design. Stamped Pillow Tops—"The Man in the Moon," "The Sun" and "An' rows" are the latest. And other art goods galore.

All Goods Bought Today Will Be Stamped Free

It's an Inauguration feature, and covers not only Art purchases, but any purchase that may be made in the store.

\$24.00 Nine People
Sets of Haviland . . \$17.30

As good a \$24.00 value as one could well imagine. A \$19.50 50-Piece Cottage Set, \$14.85. Fifth Floor features. Our specialty, dinnerware patterns.

Big Sale of
Enamelware Today.
See our ad. in Examiner.

Women's New Suits for Inauguration Today at \$29.50

The women's suit department is going to be right at the front of this great celebration time with a list of values that will make sales leap up to a new record.

These for today at \$29.50 are in quite the newest modes that Fashion has approved. They are splendidly tailored from the most favored fabrics in all the late spring colorings and patterns. Women who are planning on new spring costumes shouldn't overlook this important second floor Inauguration feature.

Bewitching Millinery Styles Are Here at \$10.00

Scores of expert trimmers have been busy as bees the past few weeks designing and fashioning the most bewitchingly attractive hats for Inauguration that women have ever seen to sell at \$10.00. Milan, chip and burnt straws in smart new shapes are here decked in exquisite combinations of dainty colored flowers and foliage. You'll be delighted with them at \$10.00. Second floor.

Women's Stockings, Big Inaugural Values 50c

At 50c a splendid tan lisle hose with high spliced heel, double sole and elastic top—others at 25c or 3 pairs for \$1.00. Tan lilies in out sizes with extra wide tops are priced 25c or 3 pairs for \$1.00. Section E, Front.

100 Women's Skirts Will Go Today at \$6.75

Stunning new skirt models of the most popular spring materials in plain colors and fancy mixtures. All of the new shades included. 100 skirts in the lot—every one of them will go at today's Inauguration price, \$6.75.

Our Guide for 1907-1908 Is Still Our Guide for 1909

"It will be our endeavor to do all things well. Only worthy goods, such as we know and have confidence in, will find place in our stocks. Quality will not be sacrificed to price. Every sale will be made on honor, and backed by that broadest of guarantees, 'Your money back if you want it.'"

March 4, 1907, saw the store begin its career of merchandising, blazing a trail along its own lines.

March 4, 1908, saw Bullock's a year old. A realization—a potential factor among powerful Western retail organizations.

March 4, 1909, sees outwardly the same Bullock's, with inward strength infinitely increased and purposefully directed toward the still greater accomplishments on ahead.

Thursday we swear in our third year upon the Bullock platform, "Honesty." Inauguration Month—A demonstration time for the advantages of Bullock's methods.

"Honest Goods—Honest Prices—Honest Service." "The satisfaction of every customer." New goods will be out in force, and tempting price features all through the store.

The Greatest Waist Values We Ever Offered at \$1.00

Just here in time to lend extraordinary interest to Inauguration Thursday. A mighty purchase rushed forward by express—50 dozen of 1909's cleverest styles. White, beautifully, elaborately trimmed with laces, embroideries—with tucks.

Two of Them in the Pictures

Five other styles in the lot, and 600 waists, \$1.50, yes, \$2.00 and more wouldn't buy many of them regularly. There hadn't ought to be a let-up in the buying that will start briskly this morning until every waist is sold. See the windows on Seventh street. Tell your neighbors. Plan to buy, buy, buy.

H. B.—New Jewel Corsets just in; the \$2.00 models so many have been waiting for. Long in back and over hip. Extra long over the abdomen. And other styles. The New 3/4 Length Coat Sweater for Women—The East is raving over it. At Bullock's, \$10.00.

Table Silver Reduced

\$29.00 (5-Piece) Tea Sets at \$25.00
\$4.50 Dessert Sets, Priced \$3.50

EVENTS IN LOCAL SOCIETY.

A WEDDING of interest, both in this city and Chicago, was solemnized last evening at the home of Harrison Dwyer of Hollywood, when his daughter, Miss Nellie Dwyer, was married to Fred W. Hatch, a young business man of the eastern city. Miss Dwyer wore an elaborate creation of white silk with trimmings of real lace. She carried a shower of lilies of the valley and maidenhair ferns. Her sister, Miss Carrie Dwyer, in a cream silk gown, lace-trimmed, assisted as maid of honor. She carried an arm bouquet of white carnations. Harry Dart was best man. Rev. E. P. Ryland performed the ceremony in the presence of thirty guests. The decorations were carried out with white carnations, together with quantities of greenery. The supper table showed a pretty centerpiece of maidenhair ferns and carnations. After a short stay at Coronado, Mr. Hatch and his bride will make an extended trip before returning to their home in Chicago, where they will receive after June 1. The guests accompanied the young people to the train in automobiles.

Dinner Party.—Mrs. Richard Paul entertained last evening with a dinner party in compliment to Miss Edith Wylie, who is playing in the Harry Bedford company at the Majestic Theater. Miss Wylie is well known in this city, having graduated from the Girls' Collegiate School.

At the Auditorium.—Mrs. N. Williamson had as guests last evening, at the Auditorium, Mrs. Dick Ferris, Miss Ferris, Dana Hayes and Mr. Ottensmeyer.

Wedding and Luncheon.—At the home of Capt. and Mrs. Henry Clay Lawrence of No. 41 St. James Park, an interesting wedding ceremony was performed yesterday. Miss Nellie M. Petray of this city, the daughter of the late E. Petray, a Sonoma county, wedded Herbert W. Lawrence of Salt Lake City. The only attendant was the bride's sister, Mrs. C. A. Bridgford of San Francisco. Following the service luncheon was served. The table was most attractive with a large centerpiece of violets.

Visiting Parents.—J. R. Binford of Marshalltown, Iowa, is the guest of his mother and sister, Mrs. Joseph A. Cook and Mrs. Beulah C. Gordon, at the Minnawaska.

Recent Wedding.—News has been received from Riverside of the wedding of Mrs. Grace Mabelle Quinan of Detroit, Mich., and Hon. James Edwin Cutler of Chicago, which was recently solemnized at the Glenwood Hotel. Rev. Robert S. Fisher officiated. Mrs. Quinan had been spending the winter in Southern California, and while visiting friends in Hollywood, met Mr. Cutler. Mr. Cutler is a prosperous business man, and

a son of the late Dr. John S. Cutler, missionary to the Congo Free State, South Africa. Mr. and Mrs. Cutler will spend their honeymoon at Venice.

To Receive.—Mrs. Isaac Norton and Mrs. S. Tilden Norton will be at home to friends the first and second Fridays of March at No. 1100 Grand View street.

Bridge Club.—Mrs. H. B. Woodill of No. 1024 Lake street recently entertained members of the La Colondrina Bridge Club. Prizes were won by Mrs. A. T. Jorgins and Mrs. George Rector. Others present were: Mrs. R. L. Forsythe, Mrs. T. Wright, Mrs. Rudolf Masnard, Mrs. Harry Harrington, Mrs. E. Pierce, Mrs. Alice Reilly, Mrs. A. J. Sherer, Mrs. Anderson, and Mrs. S. A. Woodill.

European Trip.—James Evergreen of this city will leave Friday for Europe. Mr. Evergreen will be away six months.

Evening Party.—Mrs. Daisy D. Carson was hostess recently at a domestic evening affair given at her home, No. 1165 East Thirty-sixth street. Prizes were won by Elmer Grubbs, Miss Anna Hilson, Clarence Cook and M. A. Carkey. Others present were: Miss Gladys Case, Miss Millie Burton, Miss Alice Riley, Miss W. Hinesdale, Miss Mabel Bruback, Miss Myrtle Hall, Mrs. Grubbs, Mrs. Danvers, C. L. Reed, Will Carson, Mr. Lister, Loren Johnson, Glen Swetten, R. L. Klock, Mr. Byron and J. E. Sanger.

Linen Shower.—Miss Caroline Hyland, whose engagement to Glenn Capps has been announced, was recently complimented by a linen shower presented over by the Misses Couch of No. 755 Crocker street.

Trip North.—Mr. and Mrs. John Bunting, accompanied by Mrs. Frank M. Worthington, left recently for the North, where Mrs. Bunting and Mrs. Worthington will be guests at the Washington College Fraternity function.

Bridge Party.—Mrs. Meyer Lissner of No. 1017 Elden avenue entertained with a bridge whist party yesterday afternoon. The hostess was assisted by Mrs. A. M. Kremer.

Card Party.—In compliment to Mrs. S. I. Kiarlet of San Francisco, Mrs. George E. Parmenter of No. 110 Westlake avenue entertained Tuesday afternoon with a card party. The home was fragrant with flowers and the table was set with a beautiful centerpiece of flowers. Guests who responded to invitations were: Mrs. Raleigh Lee Miller, Mrs. Frederic, Mrs. Fabel, Mrs. George H. Burkhardt, Jr., Mrs. Frederick Caldwell, Miss Lee, Miss Celia Troconis, Miss Anne Troconis, Mrs. Bartlett, Mrs. Hunt, Mrs. Arthur Dodds, Mrs. Silvan Cagen, Mrs. O'Beir, Mrs. Mae Turner, Mrs. Moore and Mrs. William Jordan, Jr.

FACTS, FEATURES AND FANCIES FOR WOMEN

BY MISS SYDNEY FORD.
We have heard of the woman who took great pride in her household management and who boasted that she always did both her washing and ironing on Monday, adding "I'm always sick on Tuesday, and then I'm so thankful the ironing is done and out of the way."
There wouldn't be so many worn-out, lagged women if we learned the value of an ounce of prevention. With too many of us, prevention is like thunder—it comes after the fact and is past not as a warning but as an announcement that we are struck by lightning. So much of the misery of life is preventable, but we rush ahead and lose our looks, break down before our time, and are either stuffed out altogether, or hang on creaking hinges when we should be in the full flush of living. Like the above woman, we crowd all our hard work into one day and then wonder why we are sick the next, and look on life as a race to the next, forgetting that the strongest runner runs slow until the finish.

Health and Beauty.
Tell a woman that fresh air is good for her health, remarks a physician, and she may not take the trouble to get as much of it as possible, but tell her it is good for her complexion and she will sleep on the roof rather than forgo the result. And that is just what it is good for, as much as anything else, for the complexion in the outward sign of good digestion, plenty of fresh ozone and the perfect running order of the internal machinery.

Are You Too Stout?
A well-known physician is quoted as saying that the person who makes a practice of standing for twenty minutes after meals will never become unduly stout. He asserts that keeping upon one's feet while the process of digestion is going on, prevents the fat from settling around the waist and hips. In accordance with this idea, the "twenty-minute stand" has become a feature of fashionable dinners and, besides having this supposedly salutary effect on avoidance of obesity, this new idea offers a delightful opportunity for the display of handsome, trailing costumes.
Another authority on exercise declares that if the unduly stout woman will simply drop her handkerchief twenty times each night before retiring and pick it up—ten times with her right hand and ten times with her left—she will be surprised to how the superfluous flesh will melt away from her hips.

For Lenten Lunches.
The possibilities hidden away in a few yards of ribbon these days are simply limitless. Practically everything in the way of ornament, from a card shade to a lingerie petticoat, can be made of ribbon and be apt. In one of the stores yesterday I saw such lovely conceits in ribbon designed for table decorations. There was for the centerpiece a large rose, measuring fully a foot in diameter, made of three shades of ribbon, containing three or four La France roses. There were smaller silken roses to match the centerpiece, and

from the center of these arose candelabra, holding pink candles with rose shades. One could have these at each place, or stick one at each end of the table, and use the candy roses offered by confectioners for individual favors.
For your Lenten lunch, nothing could be lovelier, or more sweetly suggestive and harmonious, than decorations, than yellow jonquils, which could be fashioned from ribbon and used in a similar manner to the above described, substituting jonquils for roses.

Caterers and confectioners vie with one another in offering dainty delicacies these days. Within the past few weeks, more really artistic and beautiful cakes and confections have been wrought in the arrangement of confections than ever before. A simple box of chocolate now is put up with a rose or a jonquil worked out in pink or yellow confections to break the lustrous plain brown surface of the top. Just notice the really artistic creations in confectioners' windows as you pass by, and you will be surprised to see what pleasing effects may be worked out. Yesterday I saw a wonderful cake made in the form of a basket of flowers, and the Peter Pan kisses, bouchettes, almond tarts and marigold cakes are as wonderful in their outward appearance as they are delicious in their inward construction.
Indeed, there is a growing fad for having everything in the way of table decorations of the eatable order, so that it is quite possible for the hostess to literally "eat the bouquet." The candy roses now offered for dinner favors are exquisite, and the candied violet and rose petals and California mint leaves, which can be bought by the pound, offer endless suggestions to the ingenuity of the hostess in designing her own table decorations.

The Jeweled Hair Net.
Women who have tiny jewels which they would like mounted in some ornate way have their opportunity now in the jeweled hair nets which are coming into vogue. The net is made of gold thread, and the jewels are strung on, or make the joining of the strand, where they make a kind of lattice work. This is a fashion borrowed from the Chinese women, who wear the net in its best workmanship.
Possibly no one thing so evidences the eagerness with which women accept new lines as the way they have

Vapo-resolene
(Inhalant)
Whooping-Cough, Croup, Coughs, Colds, Catarrh, Bronchitis, Diphtheria.
Cresolene is a Balm to Asthmatics.
Does it seem more effective to breathe in a remedy for disease of the breathing organs than to swallow it? Vapo-resolene is a powerful, yet gentle, and pleasant to breathe in. It is available to mothers with small children.
For inhaled throat with a soothing effect, send for a box of Vapo-resolene. It is available to mothers with small children.
ALL DRUGGISTS
Send for a box of Vapo-resolene. It is available to mothers with small children.

Except Our "Freak Shoe" Every Men's High Shoe in Our Stock is Reduced

discarded the pompadour and accepted the new flat style of doing the hair. When this fashion came in, a few weeks ago, women generally laughed at it as a freakish French idea. Critics even took the trouble to write protesting letters to papers and magazines that published fashion illustrations in which women wore this kind of coiffure. Now it is the smart and accepted thing, not only in the street, but at formal affairs where women are bachelors.

Inexpensive and Charming.
I saw yesterday at one of the large stores which makes a specialty of carrying all the latest designs in silk mulls and the marvelously beautiful silk and linen wrap goods, a new line of silk crepes done in the popular crinkled effect. They are lovely and come in all the new shades—Copenhagen blue, the rich, catwallow, taupe—and I saw one piece in a two-toned smoke gray effect that was exquisite. These crepes are twenty-seven inches wide and cost but 50 cents a yard. Then there is the chiffon line and the novelty foulards which may be had for 40 cents per yard.
Really, it is poor economy to attempt to make over one's gowns this season when such beautiful fabrics may be had at so little expense. Better send your season-before-last dresses down to Bethlehem Mission or the Salvation Army and have the satisfaction that they are by no means wasted, and then get yourself a new spring frock.

Fads and Fashions.
Employed more for evening than for day wear are the deep, rich shades. A dainty pair of haps seen recently imitated a soap bubble to a nicety.
Yokes and stocks made in one are offered in all possible varieties.
For muffs perhaps the dull gold chains are more seen than any other kind.
Mouselines, painted, embroidered and encrusted with jewels, are marvelous.
There are many new eyes made of shaped solid metal instead of twisted wire.
One of the useful lines of buttons is the one in which Irish crochet figures are coming in the new trimmings.
Lingerie frocks from Paris show three-quarter length sleeves, loose, but no puffs.
Coarse embroideries in Persian colors are coming in again in the new trimmings.
White grounds sprinkled with colored dots are to be found among the new embroideries.
A knot of black velvet and a jeweled buckle is an effective finish to a lawn turban.
In Paris the high-waisted skirt still prevails in tailored cloth, in velvet and in satin.
Gray suede boots with pearl gray buttons are attractively worn with gray walking suits.
There is a rage now for cream white suits with hat and accessories of nut brown.
Black velvet bonnets are popular, but a little simple and elaborate, but black velvet.

Try a "Pin-Ton Special."
It is of such a fine flavor that you will be back for another. The Santa Fe Co., 427 S. Broadway.

SAMPLES THE SENSATIONAL SPRING SUIT VALUES

Women of Los Angeles Never Before Bought Such Bargains
It's a noteworthy fact that such elegant clothes for women were never offered at such appealing prices as our sample suits, dresses, skirts afford this season. Hundreds have verified this statement already. We're keeping the express company busy rushing goods to us. You'd better come up and see what we have to offer you.

200 Bright New Sample Suits
Go On Sale Tomorrow, Worth to \$30 \$15
\$50 and \$60 suits and costumes \$25—and really such \$25 values were never equaled anywhere. We're upstairs, remember, where our rents are low, and it will pay you to look us up at once.

FEB. 7, 1915, Prop. 37 Great Jones Street, N.Y.

THE OIL INDUSTRY. NEED OF DUTY MADE EVIDENT.

Mid-Continent Producers Ask Aid in Fight.

Oppose Removal of Tariff on Crude Petroleum.

Fear of Mexican Imports Is Felt in East.

The Mid-Continent Oil and Gas Producers' Association, with headquarters at Tulsa, Okla., has sent out letters to oil men, refiners, newspapers and commercial bodies, urging united action to prevent Congress removing the present tariff on crude petroleum. Action is already being taken by Pennsylvania and other eastern operators. The present tariff provides for automatic reciprocity. If American oil enters a country free of taxation, oil produced in that country enters the United States free of import. If a country levies customs duties on American oil, the duty is automatically charged on its own oil when imported into the United States. The fact that the United States is the source of about 90 per cent. of the world's petroleum supply, has generally kept oil imports from seriously affecting the home industry. America has made great inroads in the European market, and since California has been producing has driven Russia largely from the Orient. This applies equally to the Standard's refined products, but the trade in crude, built up in the last two years is constantly growing.

CALIFORNIA ENTRENCHED.
At present there is practically no chance for California to suffer much from foreign competition. The only imports from foreign countries have been the gasoline and kerosene, loaded back by the Standard's tankers from Sumatra and the goods made from these have proved to be of such inferior quality that they are not ready to be used.
In the East fear of an invasion of Mexican oil, since the great production on the Gulf began, is expressed. Petroleum is the fuel of Texas and Louisiana refineries, and if there were no duties to pay the Mexican oil might be delivered at Galveston at very low figures. There both the Santa Fe and Southern Pacific roads, the latter from El Paso, have been shipping oil from Texas fields are not now producing as heavily as in the past. The Standard Oil Co. has been shipping oil from the Kansas-Oklahoma oil men are deeply concerned over any prospect of an invasion of Mexican oil, since the great production on the Gulf began, is expressed. Petroleum is the fuel of Texas and Louisiana refineries, and if there were no duties to pay the Mexican oil might be delivered at Galveston at very low figures. NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

BENEVOLENT.
HELPING HAND
FULL OF GOLD.PASADENA MINSTREL SHOW AIDS
CHARITY ROYALLY.

Even Standing Room is Scarce at Entertainment Given at the Maryland—Resignation of Pastor of First Congregational Church is Accepted With Regret.

Office of The Times, No. 24 S. Raymond Ave., PASADENA, March 4.—Sweet Charity was aided notably last night when the sale of tickets to the opening performance of the Maryland minstrel show equaled all records and standing room alone was at a premium in the music room. Probably the sale of seats will not equal more than was taken in at the conclusion of the performance when bouquets and posters advertising the performance were auctioned off by T. G. Port of Winnipeg, for the benefit of the Children's Training Society, to which the proceeds from the affairs always go. Capitalists staying at the Maryland paid fabulous prices for the souvenir of the performance.

Not until late in the week will it be ascertained how much was made, for there is to be a second performance at the Shakespeare Club this evening and the sale of seats to this entertainment promises a crowd to greet the performers.

Never before in the history of the events have the voices been so good in solo work, as was heard last night and the run of fun and music was especially commendable, many of the jokes being new.

In producing this year's entertainment, Peer Gilliland and his corps of assistants conceived the idea of producing a black-face comic opera and the two scenes were of the South, the title of the piece being, "At Mary Landing, Va." Edgar Temple directed the affair and Peer H. Gilliland acted as manager.

Such musicians and soloists as Mrs. Nuncio Bittman, Benjamin Leslie, Mrs. Carolyn E. Bonham, Harold Ashcroft, George A. Clark, Miss Edna Cooper and Samuel S. Hinde and Harry A. Pitts General were among those who participated.

In the double quartette were Misses Madeline Burgess, Helen Smith, Mary, Edith Hinds, Kate Smith, Messrs. Ambrose Bowles, Sumner Christy, Walter Ralston and John Stebbins. In the chorus were Mrs. T. J. Forte, Misses Edith Curtis, Miss Florence Curtis, Grace Curtis, Messrs. Archie Hasey, Harold Rider.

In the fun of the evening, George Clark, Sam Hinde and Dr. Earl Prince figured conspicuously. Mrs. Bittman and Mrs. Dodd, both well-known musicians and soloists, sang and acted their parts well, while Master Harold Ashcroft made a hit with his clear soprano voice in his special song, "Samba." As a show the entertainment was a success and creditable to those who produced it.

ACCEPT RESIGNATION.

At a meeting of the members of the First Congregational Church last night the resignation of Rev. R. M. Meredith, D.D., was accepted with regret. The formal resignation was presented and Dr. Meredith will retire from the pulpit.

On next Sunday morning Dr. Scherer, president of the Baptist Institute, will fill the pulpit by invitation, though, of course, not as a candidate for the pastorate.

Just who will succeed the noted Bible authority and pulpit orator as head of the church has not been decided, nor was it taken up officially at the meeting last night. The choice of a new minister is especially hard, for those who are called from the East must come many hundreds of miles to appear here, and for this reason it is hard to secure ministers not already on the coast.

TICKET STANDS COMPLETE. Unless some dark horse appears before tonight, the municipal tickets will appear about like this:

Administration: J. W. Magee, for Mayor; W. H. Korstian, Councilman from Second Ward; J. D. Merseaux, Councilman from the Third Ward.

Waterhouse-Wright: William Waterhouse, for Mayor; C. D. Crandall, Councilman from the Second Ward; E. M. Jacques, Councilman from the Third Ward. This party tonight chose J. S. Cox, former Councilman of the Fourth Ward, to run against J. F. Barnes, for the Council.

C. A. Day stands on the Independent ticket from the Sixth Ward, and Councilman J. F. Barnes likewise stands on the same ground, for he is indorsed by all parties.

The Socialists will put no ticket in the field.

Yesterday evening those who are close to Edward T. O'Connell announced that he will not contest to be a party to a three-cornered Mayoralty race. This leaves the field open to Magee and Waterhouse, and the struggle will probably be as warm as during the Waterhouse-Early campaign, when the crinner was fought only when the were counted in the Superior Court.

Waterhouse headquarters have been established at No. 100 E. Broadway street, in the Richardson building. Yesterday the petitions were opened for signing, and last night a meeting was held to perfect organization.

BREAKS WRIST. Jean Cory, a student at the Roosevelt school, while playing on the campus yesterday, tripped on a tennis net and fell to the ground, breaking his left wrist and dislocating his right thumb. Companions took him to the Emergency Hospital, and he was treated by Dr. A. D. S. McCoy, police surgeon. Cory's home is at No. 240 Winona avenue.

FAIRBANKS COMING. Announcement was made here yesterday that Vice-President Charles W. Fairbanks will arrive in this city for a short vacation on April 1. While here he will be the guest of the C. W. Smith, a financial man, who has received letters from the Vice-President stating that he will not go further than California, although recent dispatches state that he is to go around the world. Fred C. Fairbanks, of the Vice-President, has been a winter resident of Pasadena for the past two years.

INCREASED MEMBERSHIP. Over forty members have been added to the membership of the Pasadena Board of Trade during the past few days, as the result of a canvass. They are: W. A. McCall, C. W. G. Weaver, Fairbank Realty Co., W. N. Ritchey, Luther K. Ross, A. H. Sadler, Pasadena Construction Company, E. B. Kelly, J. D. Klepper, George A. Tate, George W. Kerr, E. B. Warren, George S. Martin, W. B. Edwards, Dr. A. J. Crance, J. P. Hoover, H. A. Smith, Philip Starr, A. B. Post, W. C. Soles, C. P. M. Stone, Dr. R. A. Ken, H. W. Hall, W. W. Gerlach, Bag-

OBSTACLES OVERCOME.
CLEAR WAY FOR
ROAD TO SEA.RIGHTS SECURED FOR LONG
BEACH BOULEVARD.

Banker and Commissioner by Exercise of Diplomacy Obtain What is Needed for Great Path of Travel. Students Adopt Resolutions Regarding Theft from Lockers.

LONG BEACH, March 3.—A bit of diplomacy and the expenditure of \$200 has at last cleared the way for the completion of the southern half of the boulevard between Long Beach and Los Angeles and there is nothing now to hinder the work between this city and the Lewis ranch, a mile south of Watts. Several months ago Banker P. E. Hatch and Commissioner George H. Bixby, who were securing rights of way for the proposed boulevard, struck snags in two places, on the objection of James Taylor, whose ranch lies one mile north of the Bixby property at Los Cerritos. Taylor demanded a fortune for 250 feet of right of way through his ranch. The other objection was on the stockmen's ranch, where four acres are necessary.

Yesterday Messrs. Bixby and Hatch spent the entire day with the owner in getting him to sell for \$100 a strip running from his house to the other road, giving the boulevard a circular right of way. All that now remains to be done is for the Highway Commission to decide to straighten the roadway, enabling that body to condemn the desired right of way which it will probably be able to secure for \$2500, whereas Taylor demanded \$10,000. The same method was used with the Stockmen, who, when they discovered the trap, readily agreed to deed the property desired.

Messrs. Hatch and Bixby are now related over the successful completion of their work which has occupied much time with no recompense save the satisfaction of making it possible for a broad highway from Los Angeles to the sea.

STUDENTS MAKE PLEDGES. Denying that their members were responsible for thefts committed at the High School for several months past, the student body this morning adopted resolutions pledging each one not to enter the locker of the school or medical building, back with their own, and to obtain the consent of a member of the faculty. Each student is thus placed on his honor and student body will have no further complaint.

The owners of the various launches which will make the trip to Pedro were given forty-five minutes, whether they have any passengers or not, and will honor all return tickets. This will do away with the complaint of passengers of delay.

Announcement was made today that Miss MacJorie Rameau, Lillian Burdette and the Kinsey family, who have been playing the leading roles with the Bentley Grand stock exchange and the Los Angeles Saturday night and go to Oakland.

A. Dickerson becomes leading man and stage director at the company next week. Mr. Dickerson is the son of the late John LeClair, son of the keeper of the Green Sun Club, who was killed from a horse today and broke his left arm.

El P. Dayman has taken up the matter of Arbor Day observance and will ask the City Council next week to designate some day in April for the general planting of trees and flowers throughout the city.

Prof. Willey announces today that members of his new municipal band are arriving daily from the East and that he will begin fine concerts the latter part of next week. The band consists of twenty men and is supported by the city, the Chamber of Commerce and business men.

Patrolmen are circulating today asking the Pacific Electric to extend its tracks along Eliot street from the Redondo station to a junction with the Huntington Beach cut-off. It would be necessary for the company to secure a franchise from the town of Belmont Heights for part of the line in order to operate such an extension.

George W. Walker, who disappeared from this city two months ago, is said to have been located by the police. He had been thought to be in Mexico.

Ever been to Arrowhead Hot Springs, San Bernardino? Plan to spend a few days there.

LAW HOLDS THEM. Two Young Men in Court in Pomona for Various Thefts Must Stand Trial—Elks to Train.

POMONA, March 3.—Frank Dupre and Buster Giffin, the young fellows arrested in Los Angeles at the instance of Constable Blaker and charged with robbing a shoe shop, two offices and a house, were before Justice Barnes this forenoon. Deputy Keyes coming out from the District Attorney's office to conduct the case. The boys were bound over to appear before the Superior Court, bonds being fixed at \$1500. They were taken to Los Angeles this afternoon.

HOME FROM BERKELEY. Miss Opal Chain is home from a two months' visit in Berkeley, San Francisco and at Mills College.

An Elks' marching club is to be formed here by Capt. W. W. Midgley to participate in the festivities and do some fancy drilling in Los Angeles at the time of the Elks' national convention in July. The club will begin drilling and continue practice until convention time.

Rev. Dr. C. E. Locke of Los Angeles delivered a lecture at the First Baptist Church last evening to a large audience.

Mr. and Mrs. Claude Spears have come to Oro Grande, Colo., for a month's stay.

A. A. Fluke has sold his fourteen-acre tract here at the Oro Grande dairy, to W. S. McCoy of Los Angeles for \$3000 cash. The latter will plant the land to deciduous fruits.

J. K. Salebury, a newcomer here, has bought a lot in the Walker-Dole tract on Elmer street, and will build a house thereon.

Ladies' \$15 Hats for \$5. At National Sample Hat Shop, 41 S. Broadway.

BOYS' spring headgear. All styles for the little tot and the sturdy big boy. Prices from 25c up. JUVENILE CO., 429 S. Broadway.

Dr. Whittier's Dog Hospital. 714 E. 7th. That's the place. Main 414, Fort.

If You Want to Go East C. Haydock. Agent Illinois Central R.R., 121 West Sixth.

THE well society brand clothes for young men and boys at the JUVENILE CO., 429 S. Broadway.

ADD WHOLE TO
GREATER CITY.THIS IS PLAN OF SAN PEDRO
CONSOLIDATIONISTS.Intention to Vote Against Division
of San Pedro Municipality is Now Expressed—Sixty Delegates Attend
Meeting of Southern District State
Library Association.

SAN PEDRO, March 3.—Workers for the union of San Pedro with Los Angeles state that as soon as the Leeds-McCartney bill is signed by Gov. Gillett and becomes a law, petitions will be put in circulation to call a special election to consolidate the entire city with Los Angeles. The Trustees have called an election for March 10, which, if carried, would divide San Pedro at Fifth street, almost in the heart of the business section. It was the original intention of those favoring the segregation to annex the divided portion to Los Angeles through the medium of the "shoestring" strip. Consolidationists now state that it is their intention to vote against the proposed segregation and to advocate the annexation of this city to Los Angeles in its entirety.

IN COMMISSION AGAIN. The Pacific Coast Company's big liner Governor, Capt. J. Smith, which has been laid up at Goat Island, San Francisco, will sail again, being placed in commission and left San Francisco on Monday for Puget Sound ports.

The President, sister ship to the Governor, is still laid up, but will go into commission within a few weeks. After returning to San Francisco the Governor will run as far south as San Pedro, and while in commission will run between this port and Seattle, Tacoma, Victoria, Vancouver and Southeastern Alaska ports, calling at San Francisco both going and coming. She will not call at Santa Barbara.

The United States torpedo-boat destroyer Stewart, Capt. Smith, arrived this morning after a sharp run of the straits, for burial. He was welcomed by the Perry and Paul Jones. The destroyer will remain here for several days and later will be joined by the battleship now at San Diego. The battleship is due to arrive at Magdalena Bay about March 15, to join the Pacific squadron for target practice.

LIBRARIANS GATHER. The quarterly meeting of the southern district, State Library Association, was held here today, with about sixty delegates in attendance. Los Angeles, Pasadena, Santa Monica, Long Beach, Redlands, Riverside and other Southern California cities were represented. The meeting was called to order by Miss M. Russ, acting president, who presided over the session.

The visitors were entertained at luncheon at Elks' Hall by a joint committee from the Woman's Club of Agriculture. The speakers were Mrs. W. H. Smith and Mr. W. H. Smith, who were accompanied by Mrs. E. B. Berry, L. R. Tarr and T. C. Hartshorn, members of the library board, were present.

Two samples of the chain to be used on the gear on the local Panama Canal are being tested at the public roads division, Department of Agriculture. The tests were submitted to a tensile test of 147,000 pounds to the square inch before the metal parted, and on a second test developed a strength of 600 pounds greater.

MADE WELL AND STRONG. By Lydia E. Pinkham's Vegetable Compound. Hardtown, Ky.—"I suffered from ulceration and indigestion for a long time. Doctors had failed to help me. Lydia E. Pinkham's Vegetable Compound was recommended, and I decided to try it. It cured my trouble and made me well and strong, so that I can do all my own work." Mrs. Joseph Hall, Bardonia, Ky.

Another Woman Cured. Christiana, Tenn.—"I suffered from the worst form of female trouble so that at times I thought I could not live, and my nerves were in a dreadful condition. Lydia E. Pinkham's Vegetable Compound cured me, and made me feel like a different woman. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold to suffering women." Mrs. Mary Wood, R.F.D. 3, Christiana, Tenn.

If you belong to that countless army of women who suffer from some form of female ills, don't hesitate to try Lydia E. Pinkham's Vegetable Compound, made from roots and herbs. For thirty years this famous remedy has been the standard for all forms of female ills, and has cured thousands of women who have been troubled with such ailments as displacements, fibroids, tumors, ulceration, inflammation, irregularities, backache, and nervous prostration.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

Severe Cold Cured
By Chamberlain's Cough Remedy

ELIZABETH CRITES

It is the personal recommendation of people who have been cured by that has made Chamberlain's Cough Remedy one of the most popular cough medicines on the market. It is especially valuable for colds, and can always be depended upon.

Gets Quick Relief

"My attention was called to Chamberlain's Cough Remedy about two years ago," says Elizabeth Crites, 1250 So. Hill, Los Angeles, Cal. "I had contracted a severe cold which settled my lungs and caused a cough which not only troubled me, but worried as it hung to me so persistently. I tired of paying doctor's bills without getting relief, and upon the advice of a druggist tried Chamberlain's Cough Remedy. It relieved me almost immediately, and in three weeks I was of my cough. I am most gratified what this remedy did for me."

Chamberlain's Cough Remedy

After a woman has tried half a dozen different remedies for a cold and received little or no benefit, she appreciates the quick relief which Chamberlain's Cough Remedy affords. The remedy acts on nature's plan, loosens the cough, relieves the lungs, aids expectoration and opens the secretions, effecting a permanent cure. It is not a palliative that merely allays the cough, depresses the action of the heart, but a cure that strikes at the root of the trouble and removes the cause. It contains no opium or other narcotic, and may be given to children with implicit confidence. Price twenty-five cents, large size fifty cents.

OCEAN PARK.

OCEAN PARK, March 3.—The body of Earl Rossman, who died here yesterday, will be sent to his former home in Franklin, for burial. He was 22 years of age, and came to the beach four weeks ago for the benefit of his health. His illness was consumption.

Mr. and Mrs. P. C. Chalmers have returned to their home in Seattle, after having enjoyed beach
